Full support backrest. 5 speed swinging action - adjustable from slower to faster making it easy to regulate as required for lighter or heavier babies. Very quick & easy to use. Includes a mobile with toys that swings away to one side if not needed or swings in closer to the baby as required. 7 soothing tunes with on/off & volume control. Safety harness

ITEM 824-4 FISHER PRICE SOOTHER SWING – battery operated

PRICE \$155.95

JOLLY JUMPER ACTIVITY EXERCISER ON A FREE STANDING STAND

The jolly jumper is adjustable so that pre walking babies can just reach the floor on tippy toes. They can then very easily by straightening their legs & pushing down on their toes bounce around with a feeling like they are standing & walking. Strong spring gives a steady gentle bouncing action. An activity that can keep babies amused & having fun while also enjoying the exercise benefits. Quicky & easy to pack away when not in use. Mat shown not included – see details below.

ITEM JJ107- 4 JOLLY JUMPER ACTIVITY EXERCISER ON STAND

PRICE \$149.95

ROUND MUSICAL PLAYMAT FOR JOLLY JUMPER 81cm – on / off switch

81cm. electronic round floor jumping mat with 3 musical sounds, dance – jungle or silly sounds.

To be added to Jolly Jumper. The Jolly Jumper provides aerobic exercise, improves walking & stability skills & helps develop basic motor skills.

ITEM JJMM-4 JOLLY JUMPER MUSICAL MAT

PRICE \$29.95

SAFETY SOFT FLOOR MATS – PLAY MATS – 59cm. X 59cm.

Safety floor mats – play mats to cover a floor area of 1.18 metres X 1.18 metres (3' 10" X 3'10") if 4 pieces are used as illustrated. Any number of squares can be added to make larger mats for example 16 pieces (as illustrated) will make a mat 2.36 metres X 2.36 metres (7' 8" X 7'8"). A quick & easy way to put down or take up a soft play area either indoors or outdoors. 2.5cms. thick. The mats are supplied in packs of 4 in 4 primary colours red, blue, yellow & green

ITEM FM001 4 SAFETY FLOOR MATS each 59cm. X 59cm. PRICE \$49.95 (pack of 4)

SENTRY GATED FENCE SYSTEM WITH A 44cm. WIDE GATE

AREA DIVIDER - DIVIDING FENCE - PLAYPEN - MULTI SHAPED AREA ISOLATOR TO SURROUND OR ISOLATE DANGEROUS AREAS. ADJUSTABLE LENGTH & SHAPE.

An adjustable length 75cm. high dividing fence made up of easy to connect 60cm. long panels. 1 panel incorporates a 44cm. wide child safety gate. Panels may be quickly added to or taken away from the fence to make up the required length or to adjust the length of the fence to suit various locations. Panels may be joined together at any of a multiple of angles to make the overall length of the fence any shape. By joining together each end of the fence a circle, square or any other shape of enclosed area can be created to either use as a play area or to enclose or isolate dangerous objects or areas. Rooms or parts of rooms may be divided off from the rest of the room. By attaching the set of easy release wall fittings a location may be set up so as to run the fence from wall to wall in various shapes. The easy release wall fittings not only lock the fence to the wall, they also allow a multiple of angles at which the fence may start out from the wall. All joining & release fittings are designed to be very difficult for children to attempt to manipulate. The Sentry fence can be used outdoors however is not designed to be left outdoors in the weather.

ONE UNIT OF 6 PANELS being 5 fence panels & 1 gate panel is 3.66m (11' 10") long. If a longer length is needed add 60cm. long panels as required.

ITEM 606G-5 SENTRY GATED 6 PIECE FENCE PACK WITH WALL FITTINGS -

Five 60cm. fence panels + one 60cm. gate panel with a set of wall fittings for both walls.

PRICE \$259.95 - white or mat black

ADD ONE 60cm. FENCE PANEL FOR EACH EXTRA 60cms. OVERALL LENGTH REQUIRED – no limit to the number of fence panels that can be added

ITEM 600SP-5 One SENTRY 60cm. fence panel

PRICE \$54.95 – white or mat black

ITEM 600WF-5 One SENTRY set of additional wall fittings (1 set is already supplied with the 606G-5 6 piece fence – gate pack above.) Set contains 2 fittings being one for each wall.

PRICE \$59.95 – white or mat black

PLAYPEN WOODEN 4 SIDED – PACKAWAY PORTABLE

A traditional strong, reliable wooden playpen. The 4 sides can be quickly taken apart by a press button release for storage. No folding hinges or other finger entrapments. All smooth surfaces & safety rounded corners.

WOODEN PLAYPEN. 110cm. X 110cm. inside measurement. (3'8" X 3'8" approx.) 61cm. (2') high.

ITEM PP4JU-5 Playpen 4 side wooden unpainted timber

PRICE \$89.95

ITEM PP4JC-5 Playpen wooden - attractive multi coloured painted panels

PRICE \$94.95

2 PLAYPENS CAN BE JOINED TOGETHER TO MAKE 1 DOUBLE LENGTH PLAYPEN

EXPANDABLE / SHRINKABLE INDOOR – OUTDOOR PLAY YARD

A play yard area that can be expanded to 2.28 metres X 2.28 metres or shrunk back to 1.14 metres X 1.14 metres simply by adding or taking away panels. Panels are added or taken away quickly by a simple press together system which firmly joins the panels. All rounded edges & corners. Easy to store. Easy to quickly erect or take apart within minutes – no tools needed. Firm, tough & durable, bright & colourful. Suitable for indoor or outdoor use.

ITEM HP005-4 PLAY YARD PACK for 1.14 metres X 1.14 metres play yard

PRICE \$169.95

ITEM HP07E-4 PLAY YARD PACK for 2.28 metres X 2.28 metres play yard

PRICE \$329.95

If when using the 1.14 metres X 1.14 metres play yard it is decided to be able to convert it to a 2.28 metres X 2.28 metres play yard the HP06C conversion pack is used. Floormat not included.

ITEM HP06E-4 PLAY YARD PACK 1.14m to 2.28m conversion

PRICE \$29.95

DOORWAY, HALL & PASSAGE BARRIERS – VARIOUS LENGHTS

Helps prevent younger children from going through doorways, halls & open passages. The non opening barriers are adjustable in width & clamp into position between the door frames (so the door can still close) or between the walls in hallways or passages. Quick & easy to move into different positions. For use as a temporary deterrent type barrier only. Must be secured to the walls at each end if used as a barrier in situations where there may be some danger if a child moves the barrier.

SIZE 1 - ITEM DBS1-6 DOOR BARRIER (For standard doorways) - Width adjustable from 63cm. (2'1") to 91cm. (2'11") - includes all standard doorways (which are usually 80cm. (31.5") wide). 61cm. high.

PRICE \$28.95

SIZE 2 - ITEM DBS2-6 DOOR - PASSAGE BARRIER - 82cm. (2'9") to 119cm. (3'10"). 61cm. high.

PRICE \$37.95

SIZE 3 - ITEM DBS3-6 PASSAGE BARRIER - 113cm. (3'8") to 145cm. (4'9") wide. 61cm. high.

PRICE \$45.95

SIZE 4 - ITEM DBS4-6 PASSAGE BARRIER - Width adjustable from 153cm. (5') to 218cm. (7'1"). 61cm. high.

PRICE \$68.95

EXTRA LONG BARRIERS - Combinations of the above barriers may be joined together to make a suitable longer length or a special size barrier may be made to order. Please advise if more information required.

ROLLAGUARD - DOORWAY - STAIRS SAFETY BARRIER

A rollaway doorway – stairs safety barrier that quickly pulls out from its rolled up position against the wall or doorframe & then extends to & clips into position on the opposite wall or doorframe. Covers openings up to 140cm. (55") wide. 80cm (31") high. Easy to use one handed operation. Lockable in both the open & closed position. Rolls up neatly against the wall (like a blind) when not in use. Can be mounted within the doorway or opening or on the walls at each side of the doorway or opening. Easy to fit wall mountings included. Easy to install & take away when not needed. Tough smooth white non stretch long lasting material. Rolls out in a straight line from point to point.

ITEM 616-6 ROLLAGUARD DOORWAY - STAIRS SAFETY BARRIER

PRICE \$99.95

ADJUSTABLE HALLWAY & PASSAGE BARRIER (from 95cm. up to 150cm. wide)

An adjustable length mesh covered barrier. Overall adjustable in length from 95cm. (38") to 150cm. (4'11"). 68cm. (27") high. Clamps into position from wall to wall in a straight line & being pressure mounted, does not require any wall fittings. Top & bottom fittings adjust independently to allow for skirting boards etc. Helps prevent younger children from going through hallways & open passages. Quick & easy to move into different positions. Will not fit doorways or passages (including standard 82cm. doorways) less than 95cm. wide. Easy to install & take away when not needed.

ITEM 1717-6 ADJUSTABLE WIDTH PASSAGE BARRIER

PRICE \$99.95

SAFETY NETTING TO COVER BALCONEY OR STAIR RAILING – Weather resistant

A tough, edged netting with locating ties along all sides for locating it in position along balconies, stair railings or banisters etc. either indoors or outdoors. May also be used as a temporary area or space dividing net. Eyelet holes in binding for attaching & supplied with locating ties for attachment as required. Can be rolled up from the bottom to shorten the height and/or rolled in from the end to shorten the length. Can also be lapped back to shorten. 3m (10') long & 84cm. (33") high.

ITEM 680(3m)-6 SAFETY NETTING FOR BALCONIES OR STAIR RAILINGS

PRICE \$18.95

ADJUSTABLE FENCE BARRIER WITH A GATE - UP TO 3.66 metres (144")

2 adjustable length mesh covered panels plus a gate panel. Overall adjustable in length from 1.78 metres (70") to 3.66 metres (144"). 76cm. (30") high. The 3 panels do not have to be fitted in a straight line. Each of the 2 side panels can be fitted to the centre gate panel at a multiple of angles allowing a multiple of shape configurations (eg. a room corner can be blocked off in many different shape configurations). Wall fittings included. Gate has a child resistant latch for added security. Easy to install & take away when not needed. 2 units can be joined together to form a 6 sided circular play area with 2 gates.

ITEM 702-6 ADJUSTABLE FENCE BARRIER WITH GATE

PRICE \$198.95

DOORWAY SAFETY GATE – SELF CLOSING LATCH – 75cm. HIGH - WALK THROUGH OR STEP OVER.

Gate can be positioned so it opens inwards or outwards. No need to close the gate as the spring loaded latch automatically closes & locks the gate. Easy to use lift up release latch to disengage the locking catch. Easy to remove from doorway & to replace as required. Easy access for adults while providing a 75cm. high safety barrier. Strong steel construction, rounded surfaces, no sharp edges. Fits all standard doorways (which are about 80cm. (31.5") wide). Adjustable to fit openings from 75cm (29") to 82cm (32") before adding extensions. Overall width can be increased by adding a combination of extensions (see various sizes below). British Safety Standards Compliant. White.

COT & CHANGE TABLE ENTRY - EXIT STEPS

CHILDREN MAY SAFELY STEP UP TO & DOWN FROM THE HEIGHT OF THE CO MATTRESS - AVOIDS THE NECESSITY TO LIFT CHILDREN IN & OUT OF COTS.

A convenient set of 3 steps to enable a child, while under adult assistance, to step up to a height of 61cm (24"). (A standard chair is about 45cm. high). Stands neatly beside cots & change tables etc. Children may step up to a height of 61cm. making it easier to lift them instead of having to lift them from floor level. Particularly convenient to avoid bending over to lift heavier children & addresses any concerns regarding occupational health & safety. All wooden smooth surfaces. The 2 lower steps can be folded in under the top step to make a convenient wooden multi-purpose stool. 60cm. long with the steps folded out. 37cm. overall width. Weighs 6kg. Made in Australia.

ITEM KC3S-10 CHILD LIFTING AID - WOODEN STEPPING STOOL

PRICE \$147.95

CHANGE TABLE & COT ENTRY - EXIT STEPS

CHILD LIFTING AID

CHILDREN MAY SAFELY STEP UP TO & DOWN FROM THE HEIGHT OF CHANGETABLES, COTS etc. AVOIDS THE NECESSITY TO LIFT CHILDREN FROM FLOOR LEVEL

A convenient set of 3 steps to enable a child, while under adult assistance, to step up to a height of 61cm. (24"). (A standard chair is about 50cm. high). Stands neatly beside cots & change tables etc. Children may step up to a height of 61cm., making it easier to lift them instead of having to lift them from floor level. Particularly convenient to avoid bending over to lift heavier children & addresses any concerns regarding occupational health & safety. All wooden smooth surfaces. The 2 lower steps can be folded in under the top step (see photo) for compact storage & to make a den multi-purpose stool. 60cm. long with the steps folded out. 37cm. overall width. Weighs 6kg. Made in Australia.

(Photograph shows a lifting aid in front of a change table).

ITEM KC3S-16 CHILD LIFTING AID - WOODEN STEPPING STOOL

SAFETY APPROVED CHILD'S BOOSTER SEAT

Manufactured to comply with Australian Safety Standard AS/NZS 1754

For use from 14kg. To 26kg. (Usually from about 3 years of age after a child has outgrown a carseat). Gives children extra height to see out the windows. A sit on type booster that is one of the most compact of boosters & takes up a minimum of seating space. Quick & easy to swap from car to car. May be used in the left, right or centre seating positions. Firm moulded base with a soft , removable, washable easy clean seating cover. To be used with existing seat belts. If used in the centre position it is recommended for safety that a 150-18 harness (as detailed below) be used. Safety approved by the Standards Association Of Australia.

ITEM 20R-18 SAFETY APPROVED SIT ON BOOSTER SEAT

PRICE \$39.95

SAFETY APPROVED CHILD'S BOOSTER SEAT WITH BACK

Manufactured to comply with Australian Safety Standard AS/NZS 1754

For use from 14kg. To 26kg. (Usually from about 3 years of age after a child has outgrown a carseat). Gives children extra height to see out the windows. A sit on type booster seat with a backrest. The backrest has impact absorbing protective winged sides which also help support a child's head while sleeping. Quick & easy to swap from car to car. May be used in the left, right or centre seating positions. Firm moulded base with a soft, removable, washable easy clean all over cover. To be used with existing seat belts. If used with a lap belt only, it is recommended for safety that a 150-19 harness (as detailed on page 19) be used. Safety approved by the Standards Association Of Australia.

APPROVED CHILD'S SAFETY RESTRAINT HARNESS - SAFE N SOUND

Manufactured to comply with Australian Safety Standard AS/NZS 1754

A harness for smaller children to use who are too small to be securely restrained by the standard seat belt. It is recommended for safety to always use a harness on a child travelling in the centre seating position (either using a booster seat or not) where there is no shoulder belt restraint. The harness attaches to the existing seat belts & to a rear anchor point & locates over both shoulders. All sedan cars, hatchbacks, station wagons & many other vehicles manufactured after about 1989 have child restraint anchor points onto which the harness attaches. For use from 14kg. To 32kg. Safety approved by the Standards Association Of Australia.

ITEM 150-19 APPROVED CHILD'S SAFETY RESTRAINT HARNESS PRICE \$39.95

SEAT BELT ANGLE REDUCER FOR CHILDREN FROM 18KG. TO 32KG.

Manufactured to comply with Australian Safety Standard AS/NZS 1754

Makes a lap/sash seat belt more comfortable for younger children to wear. The shoulder strap angle is reduced to help prevent the belt rubbing against the neck & ears allowing the lap/sash seat belt to be comfortably used. Provides more frontal protection than the seat belt alone.

ITEM 370-19 SEAT BELT ANGLE REDUCER PRICE \$34.95

SECOND REAR VIEW MIRROR TO SEE INFANTS IN RESTRAINTS & REAR SEAT AREA

A mirror that attaches to the windscreen by a suction cap that can be positioned so that the back seat area can be observed without having to turn around.

CHILDCARE EQUIPMENT CATALOGUE - PAGE 23

SOILED DISPOSABLE NAPPIES DISPOSER RECEPTACLE & DEODORIZER

There are 2 sizes of receptacle bins. The standard size bin holds approximately 28 newborn size nappies & the large size bin holds approximately 65 newborn size nappies. They both take the same liner pack which is a continuous liner treated with an anti-bacterial agent with a fresh citrus fragrance. The replaceable liner pack holds about 140 to 160 nappies & will hold all sizes of nappies. To use simply place the dirty nappy in the receptacle & by turning the top rim around twice the nappy is hygienically sealed within the receptacle & the receptacle is then ready to take the next nappy. By placing a standard bin liner in the receptacle all the sealed soiled nappies can be easily lifted out together for disposal. Each unit is supplied complete with a complimentary liner pack. All smooth plastic - easy to use & clean.
